PLEASE READ THE FOLLOWING VERY CAREFULLY:

If there is a testing in your city on that day, then there are no classes that day in that city. The other school will be open for regular classes. All black belts are expected / encouraged to be at testing to help. These students are attempting to achieve what you have and we would think you would want to have some involvement in the process. All instructors both Junior and Senior are required to be at testing in their city. If you cannot attend for any reason you must contact your chief instructor directly within a timely manner. All students should be prepared for testing. Be clean, be rested, have all your gear laid out the night before with your uniform. Please do not show up with your uniform crammed in your bag or worse...show up without your uniform or gear. You will not be permitted to test without your uniform, belt, etc. All orange belts and above must have their red TA co-branded gear with them at testing. All green belts and above should have their patches on their uniforms. All decided black belts and above should have their name, city, and state embroidered on the back of their uniforms. All students should be in their full white uniforms. Do not wear other clothes underneath. Ladies may wear a white t-shirt or similar under their jackets. These are not just my rules but Taekwondo America's rules and they exist for a reason.
